

SGGKERALITE FR-L LIMITED 5 YEAR WARRANTY

Vetrotech Saint-Gobain warrants that its SGG Keralite FR-L fire rated glazing to be free of substantial obstruction of vision from dust or other foreign substances due to defective materials or workmanship for a period of five years from the date of delivery. SGG Keralite FR-L is an engineered specialty fire resistant glazing material. Certain optical and visual faults are inherent to the production process. These characteristics may be evaluated according to the manufacturers quality standards, but do not impair the transparency or affect the performance of the glass in case of fire, and shall not be considered cause for rejection.

This warranty shall not apply if the failure is caused by acts of God, intervening cause, mishandling, misuse, abuse, improper installation, installation by unqualified glaziers or by any other cause whatsoever not within our exclusive control, and shall not apply unless the failure occurs within five years after the date of delivery. The obligation of this warranty is to replace, but not remove or install, the defective glass, F.O.B. manufacturer's warehouse. Any glass replaced under this warranty is limited to the original warranty period and shall not be extended beyond the original five years.
